First Period Notes/Suggestions:

- Turn off computers for energy savings
- Mailings home – postage & paper
- Too many playgrounds – Don’t waste money on things we don’t need
- Locker Room Aide for girls – assign teacher or other aide
- Why did we need a golf cart?
- Projectors in classrooms are not necessary
- Football field lights, what did they cost, what do they cost to run?
- Why do we need the TV going in Media Center all day
- Don’t touch big sports – cut golf? Those with few participants?

Third Period Notes/Suggestions:

- Reduce lights – turn off – use occupancy sensors
- Look into solar panels
- Turn off computers, buy only EnergyStar compliant computers
- Add treadmills in hallways, make students generate energy
- Don’t cut business courses & athletics
- Why did we need new computer monitors in the media center?
- Why do we have so many Smart Boards?
- Pay for parking (J. O’Malley)
- Why do we need three kinds of milk?
- Reduce heat
