Re: **Important SUMMER APPOINTMENT information for Physical Exams with Dr. Byron. *PLEASE READ***

If you would like to schedule an appointment to have your child's sports physical done with Dr. Paul Byron, School Physician, please call Jean Wilbur @ 692-9542 ext. 4217. Please note appointments will only be made for the scheduled dates on the enclosed calendar. **Physicals will be done by appointment only. NO WALK-INS.** Please plan accordingly. If your child is unavailable during the dates that are provided please call your primary doctor to schedule an appointment. Some doctor's offices schedule physicals one to two months in advance therefore **please call as soon as you receive this packet.** Please note special accommodations **will not** be made.

Appointments will be made for Varsity, JV and Modified Sports Aug 8th thru the 11th and again on Aug 15th and Aug. 29th.

On the day of your child's scheduled appointment please be sure to have your child arrive **on time** so his/her weight, height and blood pressure can be measured prior to seeing the doctor. Also please have your child bring the health assessment form (included) completed and **signed by you.** Without this health assessment form your child **will not** get their yellow card and will not be able to participate in practice.

If for any reason your child misses his/her appointment without calling to reschedule, your child will have to wait until **all** scheduled appointments have been completed by Dr. Byron. This may take place after your child's sport season has started so please be sure your child arrives to his/her scheduled appointment.

If you have a child going into 7th or 10th grade the sports physical can also be used for the NYS mandated physical exam. There is no need to have two separate physical exams done. However if this exam is done privately it must be forwarded to my office by mail or fax to meet both requirements.

If you have any questions please call me. Thank you.
